If your application status is:

- **Incomplete** - All sections, including payment information if applicable, have NOT yet been completed. You may still edit or delete your application. (If you are making a payment, "confirming" your payment will also submit your application. Be sure that all sections are true and correct prior to confirming your payment., You will not be able to go back and edit your application after payment is confirmed and/or application is submitted.)
  - **Submitted** - All sections, including payment information if applicable, have been completed and either submitted and/or confirmed. Your application has been forwarded to the appropriate department(s) and can no longer be edited. Additional information is not available. Inquiries to the department at this time may slow down the process of your application.
  - **Under Review** - Your application has been received and is under review for compliance with all laws, rules and regulations under the department's jurisdiction. Please allow at least ten business days prior to contacting the department for more information.
  - **Successfully Processed** – Your application for the above tax licenses/accounts and/or certificates has been processed by the PA Department of Revenue. The numbers provided above are for your reference only. Your license/account or certificate correspondence will be mailed to you within seven to ten business days. If the issuing department requires additional information, you will receive correspondence outlining what is needed to issue the requested license/account or certificate.
- \* Some taxes such as Vehicle Rental Tax and Tobacco Taxes may require additional processing time and may not be shown above. You will receive correspondence with any additional requirements.
- \* Unemployment Compensation and/or Worker's Compensation, are both administered by the Department of Labor and Industry. Please contact the Department of Labor and Industry for more Information. [L&I](#)
